- Implementation of the Law of the People's Republic of China on Import and Export Commodity Inspection
- Implementation of the Law of the People's Republic of China on the entry and exit animal and plant quarantine

## Penalty

According to Food Safety Law, once found that imported food does not comply with the national food safety standards or there is evidence that such imported food may endanger human health, the importer shall immediately stop trading and recall products. A fine of between RMB 50,000 and RMB 100,000 shall also be imposed, in cases where the total value of illegal food products and/or food additives involved is less than RMB 10,000; otherwise, the fine shall be up to twenty times—but not less than ten times—of the total value of illegal food products and/or food additives involved.
