CRAC Italy (2026)

CRAC 2026

18th Chemical Regulatory Annual Conference

As the global chemical industry enters a pivotal era of regulatory transformation, staying ahead of compliance requirements is essential for maintaining market access and ensuring business resilience. From the comprehensive revision of EU REACH and the ECHA roadmap to the stringent supervision of China's MEE Order 12, the regulatory landscape is becoming increasingly complex and interconnected.

CRAC Italy 2026 is designed as a premier platform for industry leaders and regulatory experts to decode these developments. This seminar offers deep-dive insights into the shifting frameworks across Europe, North America, Asia-Pacific, and emerging markets, providing enterprises with the strategic clarity needed to navigate the evolving global regulatory environment.

Venice	2h 15 mins	Hourly

Arriving at The St. Regis Florence

The hotel is located in the heart of the city, 800m from the main station.

CHEMICAL REGULATORY ANNUAL CONFERENCE

2009-2019

Since its inception in 2009, the Chemical Regulatory Annual Conferences (CRAC) have been a key platform for promoting international regulatory communication and cooperation. The CRACs brought together participants from diverse industries, who shared cutting-edge information and explored new ideas and solutions for compliance, which contributed to the development and progress of the industries.

2020-2022

During the pandemic period from 2020 to 2022, REACH24H organized CRAC Virtual Forums to bridge knowledge and communication gaps across regions and share innovative and value-added regulatory, policy, and market insights. Overall, the online CRACs have attracted more than 10,000 global participants and covered 92 countries/ regions.

CHEMICAL REGULATORY ANNUAL CONFERENCE

2024

CRAC China

In 2024, REACH24H successfully launched the global tour of the Chemical Regulatory Annual Conference (CRAC Global 2024), hosting conferences across China, South Korea, Japan, and Europe. CRAC 2024 brought together over 600 participants to foster broader and deeper global collaboration. Centered around topics on chemicals, pesticides, cosmetics, and green sustainability, CRAC 2024 featured a dedicated session on Safer Alternatives and Sustainable, encouraging industries to accelerate their green transition and drive low-carbon innovation.

2025

CRAC China

In 2025, the 17th Chemical Regulatory Annual Conference (CRAC 2025) was successfully held across China, Japan, and Singapore. Bringing together over 600 representatives worldwide, CRAC 2025 focused on regulatory developments, market trends, and sustainable growth pathways. Covering chemicals, pesticides, plastics, cosmetics, and food contact materials, CRAC 2025 further strengthened global collaboration and regulatory excellence across regions.
