ASIA-PACIFIC CHEMICAL COMPLIANCE & SUSTAINABLE DEVELOPMENT

18th Chemical Regulatory Annual Conference

🕒 September 28-29, 2026

📍 Pan Pacific Singapore

Organizer: REACH24H Consulting Group

Supported by: Singapore Chemical Industry Council (SCIC)

CRAC Singapore (2026)

CRAC 2026

18th Chemical Regulatory Annual Conference

As global chemical regulations enter a more complex and stringent era, the industry stands at a critical crossroads, facing the dual challenge of ensuring rigorous safety compliance while driving sustainable transformation. Across the globe, evolving environmental management frameworks and shifting policy landscapes are redefining the standards for industrial sustainability and market access.

Following over a decade of success in promoting international regulatory communication, CRAC Singapore 2026 returns as a premier global platform to bridge the gap between regulatory authorities, industry pioneers, and stakeholders. This conference will move beyond traditional compliance, offering deep dives into emerging legislative shifts, strategic trade facilitation, and the critical intersection of hazardous chemical safety. We warmly invite industry professionals to join us in navigating technical barriers, exploring green chemistry innovations, and shaping a resilient, sustainable future for the global chemical value chain.

CRAC Global 2026

CRAC China

October 21-23, 2026

Fujian, China

- Global Chemical Management and Sustainable Development
- Breakthrough & Renewal: Agrochemical Compliance Strategies and Global Branding

CHEMICAL REGULATORY ANNUAL CONFERENCE

2009-2019

Since its inception in 2009, the Chemical Regulatory Annual Conferences (CRAC) have been a key platform for promoting international regulatory communication and cooperation. The CRACs brought together participants from diverse industries, who shared cutting-edge information and explored new ideas and solutions for compliance, which contributed to the development and progress of the industries.

2020-2022

During the pandemic period from 2020 to 2022, REACH24H organized CRAC Virtual Forums to bridge knowledge and communication gaps across regions and share innovative and value-added regulatory, policy, and market insights. Overall, the online CRACs have attracted more than 10,000 global participants and covered 92 countries/ regions.

CHEMICAL REGULATORY ANNUAL CONFERENCE

2023

In 2023, the 15th Chemical Regulatory Annual Conference (CRAC 2023) takes a significant leap forward, bringing together an even greater number of companies and showcasing splendid experiences. It provides a valuable opportunity to delve into emerging regulatory requirements, and global market trends, and facilitates the exchange of ideas while fostering collaborations.

[CRAC 2023 Report](#)

2024

In 2024, REACH24H successfully launched the global tour of the Chemical Regulatory Annual Conference (CRAC Global 2024), hosting conferences across China, South Korea, Japan, and Europe. CRAC 2024 brought together over 600 participants to foster broader and deeper global collaboration. Centered around topics on chemicals, pesticides, cosmetics, and green sustainability, CRAC 2024 featured a dedicated session on Safer Alternatives and Sustainable, encouraging industries to accelerate their green transition and drive low-carbon innovation.

CRAC Europe

CRAC China

2025

In 2025, the 17th Chemical Regulatory Annual Conference (CRAC 2025) was successfully held across China, Japan, and Singapore. Bringing together over 600 representatives worldwide, CRAC 2025 focused on regulatory developments, market trends, and sustainable growth pathways. Covering chemicals, pesticides, plastics, cosmetics, and food contact materials, CRAC 2025 further strengthened global collaboration and regulatory excellence across regions.
